Description

These are two coins that were used in the story The Greatest Show in the Galaxy. Made of some kind of plastic, each one features the same design on each side (they were supposed to "double-headed" in the story). The coins appeared in episode two of the story in a scene featuring The Doctor, The Captain and Nord. They appear in a close-up shot so you can check your video of the story! I bought the coins in the charity auction in an early-90s DWAS event.
