### Letter Symbols (H, s, I, n, etc.)

The title of some Sotheby's lots includes a single letter preceding the lot heading. [Click here](#) for an explanation of these symbols.

### **Registration Deadlines**

You must register at least two business days before the start of an auction in order to place bids. (For evening sales, this period is extended to five business days.) This interval provides Sotheby's bid department sufficient time to confirm details of your registration in order to ensure the integrity of the auction process.

If you register later, we will attempt to authorize you for bidding. However, Sotheby's may refuse any late registrations regardless of your qualifications for bidding.

### **Salesroom Announcements**

**IMPORTANT:** As a prospective bidder, make sure to check for salesroom announcements related to any lot in which you are interested. These may include withdrawn lots, new information related to authenticity or condition, or other essential news. Access them by clicking the "Urgent Updates" link.

### **Starting Bid**

The starting bid listed on eBay's Live Auctions for any given lot is intended solely as a guide to prospective bidders. The actual starting bid will be determined by the auctioneer conducting the auction.

Bidders should be aware that the majority of Sotheby's lots are offered with reserve prices, and that meeting the starting bid may not ensure that you meet the reserve.

### **Auctioneer Authority**

The final authority in all matters related to authority to bid and bidding rests with Sotheby's and the Sotheby's auctioneer conducting a sale. This applies to bid increment (an auctioneer may change increments at any point during a sale at his or her discretion, and different auctioneers may employ different "standard" increments), absentee bidding, retracting a bid, re-offering a lot, or any other situation.

Competing bids at the same level may be placed simultaneously in the salesroom, on the phone, or through live auctions. The auctioneer has sole discretion as to which bid is accepted during the sale.

Please note that Sotheby's offers Live Auctions bidding as a convenience to clients who are unable to attend a sale. Although we will make every effort to honor bids from outside the salesroom, Sotheby's will not be held responsible for error or failure to execute bids.

### **"Lot Closed"**

When this message appears, it means that bidding has ended for the indicated lot. Note that the lot may be either sold or unsold at the close of bidding. To see whether a lot has sold, visit the Auction Results section of Sotheby's Auction House.

### **Re-opening or Re-offering Lots**

In the rare instance that an auctioneer re-opens the bidding for a previous lot or re-starts the bidding for a lot that is already on the block, ALL Live Auctions activity will be suspended for that lot. If you have entered an Absentee Bid online through the Live Auctions system, it will be impossible to register such bids on your behalf.

### **Payment Instructions**

For every lot on which you are the successful bidder, Sotheby's will send you an invoice within a few days after the sale. In addition to the high bid (hammer price), the charges will include:

- **Buyer's Premium**  
A buyer's premium will be added to the successful bid price and is payable by the purchaser as part of the total purchase price. The buyer's premium will be the amount stated in the Conditions of Sale.
- **Sales Tax**  
Sales tax may be due on purchases, depending upon the location of the sale and the location of pickup or delivery of the property.

Sotheby's accepts cash, check or wire transfer, Visa, or MasterCard. Credit card payment must take place in person at Sotheby's or via a signed authorization letter and cannot exceed \$25,000. Note that when paying by check, you may not pick up your purchase until the check has cleared.

**Limitations on cash payments:** It is against Sotheby's general policy to accept single or multiple related payments in the form of cash or cash equivalents in excess of the local currency equivalent of US\$10,000. It is Sotheby's policy to request any new clients or purchasers preferring to make a cash payment to provide: verification of identity (by providing some form of government-issued identification containing a photograph, such as a passport, identity card or driver's license), confirmation of permanent address, and identification of the source of the funds.

### Shipping

Successful purchasers should pick up their property by the tenth day following an auction.

As a courtesy, Sotheby's is pleased to assist you in making arrangements for the shipment and in-transit insurance of your purchases. The Conditions of Sale require payment and clearance promptly after the sale. In default of these Conditions, lots may be transferred to a public warehouse at the risk and expense of the purchaser. To avoid storage charges, please arrange for the removal of your purchases as soon as possible.

Upon receipt of payment, Sotheby's will instruct packers and carriers pursuant to the purchaser's instructions on the Purchaser

For buyers paying by check, property may not leave the premises until the check clears.

*This item will be sold in a live auction at the specified time by the auction house.*

### If you're the seller or the high bidder - now what?

1. Contact each other. The seller ( [sothebys.newyork](#) ) and the high bidder should contact each other within three business days to discuss payment and shipping details.
2. Leave feedback for the other party once the the seller has received the payment and the winning bidder has received the item.

[Leave feedback to seller](#) - [Leave feedback to bidder](#)

### Details for the seller and high bidder:

The seller should contact the winning bidder(s) with information on the total cost, including shipping, and where to send payment. The winning bidder(s) must pay the seller directly for the item(s), and it is the seller's responsibility to fulfill the order when payment terms are met. The binding contract of the auction is between the winning bidder and the seller.

If the seller is unable to establish contact with the high bidder within 3 business days of the end of the auction, he/she may lose the place as winning bidder, and be at risk for receiving negative feedback and/or a [Non-Paying Bidder](#) warning, both of which can ultimately lead to suspension from eBay.
